NEW RELEASES

101.11
10-11-48

This instruction states the authority of PMA branches and offices to carry out CCC activities without specific written authorization from the Manager or the Administrator. This instruction eliminates the need for specific written authorizations (formerly called delegations of authority) under nearly all CCC program dockets approved by the Board. This instruction is intended to implement Section III of Secretary's Memorandum No. 1226 which provides for PMA, its officers and employees to perform CCC functions, and Section 17 and 18 of the by-laws of CCC, which provides for CCC activities to be carried out through PMA and states the authority of PMA branch and office directors. Distribution: A, B-Washington only.

U. S. DEPARTMENT OF AGRICULTURE
PRODUCTION AND MARKETING ADMINISTRATION

AUTHORITY OF BRANCHES AND OFFICES OF PMA TO CARRY OUT CCC PROGRAMS

I PURPOSE

The purpose of this instruction is to state the circumstances under which branches and offices of PMA may carry out approved CCC programs without specific written authorization from the Manager CCC or the Administrator PMA.

II AUTHORITY

A The Secretary of Agriculture has directed that PMA and its officers and employees shall discharge such functions and perform such duties for CCC as may be assigned to them by the by-laws of CCC or by the CCC Board.

B Section 17 of the CCC by-laws provides that except as otherwise authorized by the Board, the activities of CCC shall be carried out through the facilities and the personnel of PMA in accordance with any assignment of functions and responsibilities made by the Secretary of Agriculture or the Administrator of PMA and concurred in by the Manager or the Board.

III SPECIFIC AUTHORIZATION NOT REQUIRED

Pursuant to the authority referred to in Section II hereof, a branch or office of PMA may carry out a CCC activity without specific written authorization, under either of the following circumstances:

A When the activity involved is clearly within the assigned functions and responsibilities of such branch or office pursuant to an organizational memorandum or functional chart approved by the Administrator, and the Board has not provided for the activity to be otherwise carried out.

B When the docket approving an activity specifically provides that such branch or office shall carry out the activity.

IV SPECIFIC AUTHORIZATION REQUIRED

In all cases not covered by Section III, a branch or office may not carry out a CCC activity unless it has been given specific written authorization therefor by the Administrator of PMA and concurred in by the Manager or the Board. The Price Support and Foreign Supply Branch shall collaborate with branches and offices of PMA in the preparation and clearance of specific authorizations.
